**DEDICATORY SERVICE.**

German Lutheran Church: Was Formally Opened on Sunday—Impressive Services.

The German Lutheran congregation of this city, with the help of their pastor, Rev. Mr. Heinicke, have at last a church of their own. The church is situated on Mearns street, next to the old cemetery, and has a seating capacity for 200 people. Yesterday the edifice was dedicated. Pastor Knappe, of Seattle, who was invited by the local German clergyman, Mr. Heinicke, preached in English at the evening service, while Pastor Heinicke conducted the ded-

icatory services in the German language, when three children were confirmed and one baby baptized. The service of dedication was most impressive. A large congregation was in attendance. Very enjoyable music was furnished, Mrs. Pappe presiding at the organ in a most efficient manner, and the choir sang well.

The interior of the building at once suggests comfort and coziness. At night the church is lighted by electricity. The chancel stands four feet above the ground floor, and the painting throughout has been done with artistic effect.

After the morning service the congregation gathered outside and were photographed by Mr. Miller.

## JAPS ARE NOW FIFTEEN MILES FROM PORT ARTHUR

**Warships Support Left Flank of Advancing Army--Several Fights in Which More Than Seven Hundred Were Killed and Wounded--Russian Gunboat Sunk.**

(Associated Press.)

Chefoo, June 6, 1.30 a.m.—Two miles separated the Japanese and Russian armies on the Liao Tung peninsula. On June 2nd, according to Chinese who have arrived here from Dally. The Japanese army, reinforced by the men who landed at Dally, occupied Twing Ching and also San Chippo, several miles west of Dally. They then proceeded along the coast toward Port Arthur. On one side of the army are high mountains and on the other side is the sea from which the Japanese gunboats are supporting the flank of the army.

On June 2nd the Japanese forces were within seven miles of the outer forts of Port Arthur, only two miles from the Russian army, which is ready to contest their advance further. The Chinese believed that there was a big battle at this point. It is also stated by the Chinese that the Japanese have moved their base to Dally from Toloswan. The larger Japanese ships are anchored outside, and the smaller ones inside the harbor. Troops are being landed from small vessels, apparently coming from Pitsiwo or the Elliott islands.

The Chinese further reported that a number of Chinese have been shot while attempting to get around the Russian lines.

### THE JAPANESE ADVANCE.

Reported to Be Fifteen Miles From Port Arthur—Rumor of Fight.

Chefoo, June 6, 11 a.m.—A Japanese correspondent from Dally confirms the reported advance of the Japanese army on Port Arthur, news of which was brought here to-day by the Chinese. The correspondent states, however, that there are 15 miles between the Japanese and Port Arthur, instead of seven, as reported by the Chinese. The Japanese army is advancing along both sides of the coast, and it is reported that the peninsular divisions on the east coast fought a battle within 15 miles of Port Arthur on June 3rd. The result of the battle has not yet been learned.

A junk which lay off Port Arthur on June 4th, because of lack of wind, heard desultory firing on the morning of the 4th, and saw five Japanese torpedo destroyers as they disappeared below the horizon. Afterwards a tremendous explosion was heard, and it was thought by those on the junk that possibly one of the destroyers had struck a mine. On the night of June 3rd immense columns of flame and smoke were seen from the junk in the direction of Dally.

### RUSSIANS REPULSED.

Six Hundred Killed and Wounded—Japs Lost One Hundred Killed.

London, June 6.—The Daily Telegraph's Tientsin correspondent wires: "Four thousand Russians belonging to General Stakenberg's brigade on May 31st attacked 1,500 Japanese occupying a position five miles south of Wafang-tien."

"The Russians were repulsed, losing 200 killed and 400 wounded. The Japanese lost more than 100 killed."

### ENGAGEMENT NEAR GENSAN.

One Japanese Officer and Thirty Men Killed—Russians Burned Villages.

Seoul, June 5.—(Delayed in transmission.)—The Japanese consul at Gensan wires that during a skirmish which took place on June 3rd, 30 Japanese soldiers and one lieutenant were killed and four men severely wounded.

The Russians, in retiring, burned a number of Korean villages. The natives, seizing old flint locks and weapons of all sorts, attacked the Cossacks, killing two and wounding several.

There are about 2,000 Japanese troops now at Gensan. The merchants have not left.

### FURTHER FIGHTING.

Forces of Russians and Japanese in Number of Engagements.

Tokio, June 5.—5 p.m.—The Japanese and Russian forces located north of Polandien, which were in a series of brushes during the early part of last week, had another encounter on Friday, June 3rd, near Chuvila Tun. On that day the Japanese cavalrymen met the Russians at noon. The Russians numbered 2,000 men and were composed of infantry, detachments of cavalry and artillery. They were pressing the Japanese cavalry when the Japanese assembled their entire force and engaged the enemy. The Russians drew off gradually, and at half-past five in the afternoon they retired to Tolschu. The Japanese suffered four men killed and four men wounded in this fighting.

A report has been received here from Gen. Kuraki saying that on Friday last a detachment was dispatched from Al-

Yang Chen (Aiyangpenmen), to the eastward of Feng Huang Cheng, to make a reconnaissance toward Chaimatsi (Saim-tsen), 35 miles north of Feng Huang Cheng. This detachment encountered 600 Cossacks, and after a brisk engagement the Russians retreated. Gen. Kuraki reports that the Russian loss was heavy. The Japanese suffered only one man killed and three wounded.

### RUSSIAN GUNBOAT SUNK.

Is Believed to Have Been Engaged Clearing Away Mine at Time of Accident.

Tokio, June 6, 11 a.m.—The destroyer flotilla engaged in watching Port Arthur from the eastward reports that at 7.40 p.m. on June 4th a Russian gunboat of the Giliak type was seen to explode and sink near Chentao Shan. The vessel, with another gunboat, a destroyer and other steamers, was evidently engaged in clearing the vicinity of mines. When the explosion occurred the others hurried back into Port Arthur.

Vice-Admiral Togo expresses the opinion that the explosion was caused by a Japanese torpedo.

The name of the gunboat is unknown, but had been seen upon several occasions by the Japanese acting as a guardship at the mouth of the harbor.

### WAS TORPEDOED.

The Russian Gunboat Giliak Destroyed By the Japanese.

Tokio, June 5.—11 a.m.—The Russian gunboat Giliak was torpedoed and destroyed at Port Arthur on Saturday.

### DESTROYING MINES.

Hundreds of Japanese Divers and Fishermen Volunteer For the Work.

Tokio, June 5.—4.30 p.m.—It is suspected here that the Russians at Port Arthur are communicating with points on the Chinese coast by means of wireless telegraphy. It was reported that a wireless station had been erected secretly at the village at Poh Wang, on Takin island, one of the Miao Tao group, situated in Pe Chi Li strait, and the Japanese cruiser Chitose visited the island yesterday to investigate. She did not, however, find anything. It is reported that another such station has been erected near Shan Hai Kwan, and the Japanese are investigating this matter. Yesterday the Chitose steamed in close to Lita Chang promontory and discovered four masts and a watch house near the coast. One of these masts evidently was fitted for wireless telegraph operations. The Chitose reports having heard a series of explosions at Port Arthur, and believes them to have resulted from blasting preparatory to the emplacing of new batteries.

The Japanese torpedo boat destroyer Ikazuchi yesterday discovered and exploded a large mine off San Shai island, at the entrance to Taitienwan bay. The Japanese naval authorities engaged in clearing out the mines in the vicinity of Taitienwan bay are employing Japanese shell divers from Kushu province for the purpose. These divers volunteered for this work, and are very expert. It is said that with their diving paraphernalia they can stay under water for half a day at a time. Hundreds of Japanese fishermen are volunteering to assist in clearing away Russian mines, and it is probable that some of them will be used for this work. These volunteers offer are taken to illustrate the unity of the Japanese people in the war.

### REPORTS VARY.

News Received at Chefoo of Sinking of Japanese Vessel off Taitienwan.

Chefoo, June 6, 2 p.m.—The Russian consul here has received news that a large Japanese vessel has been sunk by a mine off Taitienwan. The news has not been confirmed.

Russian reports vary regarding the sinking of the vessel. It is believed it was a merchantman.

### MESSAGE FROM PORTRESS.

Carrier Pigeons Have Arrived at Newchwang From Port Arthur.

Newchwang, June 5.—Two carrier pigeons arrived here yesterday from General Stoessel at Port Arthur. The Russians will not divulge the messages carried by the birds, but declare they contain good information.

An Associated Press messenger from the north reports that the magistrates of Hai Chong and Liao Yang were recently arrested by the Russians and charged with furnishing supplies and information to the enemy. They were taken to Mukden, but released after an investigation. Influential natives declare that the arrests were made not be-

cause the Russians believed they could prove the charges, but because the magistrates were non-committal and refused to aid either side.

The Russians are printing a newspaper in Chinese at Mukden for the purpose of influencing the natives. The last copy received at Newchwang says that the Japanese attempted to float a second loan in America for \$3,750,000, but were coldly rejected. Other contents of the paper explain that the Russian loss in the Yalu battle was due to the preponderance of Japanese cavalry, and says also that the Russians will soon dictate peace terms in Tokyo and that the leading Japanese statesmen will be reduced to rickshaw coolies.

### DEPRESSION IN RUSSIA.

Internal Troubles Likely to Follow the Fall of Port Arthur.

London, June 6.—That the curtain is drawn again over the progress of the war probably indicates that important events are impending on afoot. The explosions heard at Port Arthur suggest that the Russians have renewed their attempts to remove obstructions in the mouth of the harbor.

All kinds of rumors are current, few of which appear to have any reliable basis.

Various special correspondents in St. Petersburg report increasing depression in Russia over the prospect of the fall of Port Arthur and that wild reports are in circulation over the discussions between the generals and the highest officials over questions of policy and strategy.

The Daily Mail gives great prominence to a statement "from a Russian correspondent" declaring that the Russians will stand or fall by Port Arthur as far as the government's prestige with the lower classes is concerned.

"Internal troubles are inevitable," the correspondent says, "should the fortress fall. Count Lamsdorff displays a strong personality, and he is likely to be sacrificed as a scapegoat to popular indignation at the way the war has been conducted. Although it is said that Gen. Kuropatkin has lost favor at court, no change in the command of the army is contemplated."

The St. Petersburg correspondent of the Reuters Telegram Company says that increased anxiety is felt over the restlessness of Chinese troops on the Manchurian frontier.

The Morning Post correspondent in St. Petersburg goes so far as to say that Russia is preparing to cope with a serious Chinese invasion.

A dispatch to the Standard from St. Petersburg asserts that no preparations whatever have been made to organize a transport service down the great rivers, ways of the Sungary and Amur rivers. Great indignation is felt over the discovery that several wealthy Russian firms "secretly assisted in the recent Japanese loan."

The Morning Post has a telegram from Shanghai that some of the warships at Port Arthur have been beached and their guns removed to the land works. This Shanghai correspondent also says that Field Marshal Yamagata has been appointed viceroy of the territory which Japan has occupied since the war began. This is the only reference that has reached London concerning the statement of the Daily Express Saturday morning that Field Marshal Yamagata had been appointed commander-in-chief of the Japanese army of invasion.

The Standard's Tientsin correspondent reports that the Russian forces are being withdrawn gradually northward, the Russians being aware that a strong force of Japanese is gathering in the passes to the east of Mukden.

### A RUSSIAN REPORT.

Alleged Sortie by Fleet Which Resulted in Sinking of Four Jap Ships.

Liao Yang, June 6.—It is persistently reported here that Port Arthur squadron made a sortie shortly before dawn on Saturday; the torpedo boat destroyers leading, and found the Japanese quite unsuspecting the presence of hostile warships, with the result that four of the Japanese ships were sunk during the attack.

### REWARDS FOR JAPS.

Togo, Yamamoto, Nogi and Kodama Among the Officers Promoted.

Tokio, June 6.—Vice-Admiral Togo and Admiral Yamamoto, minister of the navy, have been promoted to the rank of Taisho, the highest rank in the navy. Lieut. Generals Okasawa, Hasagawa, Nogi, Nishi and Kodama have been made generals. Okasawa is the Emperor's chief aide-de-camp; Hasagawa commands the Imperial Guard division; Nogi has not yet been assigned, but probably will be given an important com-

mand; Nishi commands the second division, and Kodama is vice-chief of the general staff and with General Fugushima, is largely entitled to the credit for organization and transportation of the army and the condition of the war. The promotions are all in recognition of services.

### WITHOUT NEWS.

Russians Still Dependent on Others For Information Regarding Port Arthur.

St. Petersburg, June 5.—The government appears to be without fresh information to-day of any sort concerning Port Arthur. The authorities are skeptical over the story of smoke and heavy detonations at Port Arthur, which may have been caused by the Japanese passing over mine fields on the landward side. Even this they say is a doubtful supposition thus early in the siege.

It is again pointed out in official quarters that the government is not in receipt of regular information from Port Arthur, but is wholly dependent upon reports from Japanese or neutral sources, except when a messenger succeeds in running the blockade. It is not expected that the embargo will soon be raised.

### JAPANESE THREATS.

Note From Commander Keriso Found on One of Steamers at Port Arthur.

Port Arthur, June 5.—Among the documents found on the steamer Yeddo, one of the vessels sunk at the mouth of the harbor, the following note of defiance was discovered fastened on the rail of the bridge:

"Remember, my dear Russian sailors, my name is Commander Keriso. This is my second visit. My first was on the Kasuke. I will come again."

This threat was not carried out, however, as Keriso was found among the dead.

## GOLDEN SCENE OF DYNAMITE OUTRAGE

**JEWELLERY STORE COMPLETELY WRECKED**

**Resignation of Prof. Campbell, of the Presbyterian College, Montreal—News Notes.**

(Associated Press.)

Golden, B. C., June 6.—About 1 o'clock this morning a terrific explosion, which shook every building in town, awakened the inhabitants with a suddenness so severe that it brought to mind the terrible Frank disaster of a year ago. People rushed from their homes to ascertain the cause of the disturbance, but it was not until daylight that it was found W. A. Alexander's jewellery store, and repair shop, which had been, recently moved to a new location near the post office, had been dynamited. The building, which was a small one story structure, is a total wreck, and the contents, including a number of customers' watches, were blown to atoms. Mr. Alexander is a member of the local fire brigade and one of Golden's most respected citizens. Expressions of regret and indignation at the outrage thus perpetrated are heard on all sides, and it is needless to say every effort will be made to apprehend the guilty party, and the remedy applied to the fullest extent.

### Church Union.

Montreal, June 6.—Hamilton Methodist conference, in session at Guelph, and the Bay of Quinte conference, of Peterboro, have passed unanimous resolutions favoring church union.

### Montreal College.

St. John, N. B., June 6.—A sensation was created at Saturday's session of the Presbyterian General Assembly by the resignation of Rev. Prof. Campbell, of the Presbyterian College, Montreal, because the assembly had appointed Rev. Prof. Scrimmer principal of that college. Prof. Campbell, addressing the assembly, said he was unable to retain his chair under a principal who years ago was in his classes. Prof. Campbell has been connected with the college for over 30 years. An effort is to be made to get him to reconsider his decision.

### Arbitration Refused.

Sydney, June 6.—Sir William Mulock's offer to arbitrate the difficulty between the Dominion Iron & Steel Company and its striking employees has been refused by both parties.

### Justice Ritchie Dead.

Halifax, N.S., June 6.—Justice Ritchie, of the Supreme court of Nova Scotia, is dead, aged 79 years. He was appointed to the bench in 1885.

### Offers a Residence.

Winnipeg, June 6.—Premier Roblin believes the Governor-General should reside at least six months of the year in Winnipeg, and is preparing to assist, through his government, in offering an official residence if such a move can be carried out.

### Soo Canals.

Sault Ste. Marie, Ont., June 6.—The statistical report of traffic through the Soo canals for last month shows a falling off in tonnage, compared with last year, of more than six million tons.

—Afternoon tea trays—something new—"Mottich" plaques in polished oak frames, in three sizes at Weiler Bros., Government street.

## PRESERVATION OF SALMON INDUSTRY

**DOMINION'S REPLY TO UNITED STATES**

**Suggests Joint Regulations Would Be More Effective Than Joint Hatcheries.**

(Special to the Times.)

Ottawa, June 6.—Some time ago the United States asked the Dominion government to hold a conference either in British Columbia, Washington or Ottawa with a view to considering the question of joint hatcheries on the Pacific coast, so as to make up for the depletion of the salmon fisheries, especially on the American side. The Dominion has replied that the better method would be to adopt joint regulations for the preservation of the fisheries which the joint commission reported in favor of some years ago, but which the United States ignored.

### New Senator.

Hewitt Bostock, who represented Yale-Cariboo in the House of Commons for a term, being elected in 1893 and who retired, has been appointed to the Senate in place of the late Senator Reid. Mr. Bostock's appointment was made at Saturday's meeting of the cabinet and was approved by Lord Minto to-day.

### New Appointments.

The following is gazetted to-day: "Fifth Regiment, to be provisional lieutenant, Sergeant J. H. Street; L. H. Garnett, gentleman, to complete establishment."

### Royal Assent.

At 4 o'clock this afternoon Justice Sedgewick, of the Supreme court, acting as deputy governor for Lord Minto, gave Royal assent to 43 bills in the Senate.

### Offer Declined.

In answer to Ralph Smith in the House to-day, Sir W. Mulock read the correspondence that took place with the government regarding the Sydney strike, showing that the intervention of the government was declined by both parties.

### Railway Act Amendments.

A bill to amend the railway act was introduced by the Minister of Justice in the House to-day. He explained it was to cover certain points which came up during the discussion of the transcontinental railway bill on the amendment to give the railroad commissioners authority over the rates upon goods handled by two or more railroads. Hon. C. Fitzpatrick said that he believed that the commission already had this, but doubted if the commission would have control over rates of railways running partly through the United States or transportation lines using the lakes as part of its routes. The amendments to the act provided for all these points. Hon. Mr. Fitzpatrick said that the bill also provided for British nationality of a majority of all boards of directors of Canadian railroads.

### Back in Canada.

J. T. Wilkinson, who left British Columbia some months ago for a trip around the world, is here on his way back home. He leaves for Toronto and Hamilton to-night.

### NEW-YORK TRAGEDY.

Well Known Horse Owner Shot in a Hanson Cab.

(Associated Press.)

New York, June 4.—Frank E. Young, known on the turf as "Cassius" Young, bookmaker, horse owner and stockholder in Pacific coast race tracks, was shot and killed in a hansom cab to-day while on his way to the White Star line pier to join his wife, with whom he was to have sailed for Europe. Mrs. Young was waiting at the pier when news of her husband's death reached her.

At first the death was reported as suicide, but various circumstances caused the police later to change their views. With Young in the cab when a policeman was called was Mrs. Patterson, formerly an actress, whose stage name was Nan Randolph, who is said to have been a member of the original "Florodora" sextette. She told a policeman that Young shot himself after announcing to her that he was about to go to Europe, to be gone probably several months. The policeman told the coroner, however, that a revolver was in the man's pocket, and that he did not believe Young could have put it there after shooting himself. Young died about five minutes after the policeman first saw him. The woman was taken to a police station, where she collapsed.

Mrs. Patterson was later taken to the coroner's office. She told the coroner she was a niece of the cashier of a New York bank. The hall in which Mrs. Patterson was held was at first fixed at \$1,000, she being held as a witness, but this was later increased to \$5,000.

Mrs. Young left the pier when told of her husband's death, and was taken to a friend's home. She was completely prostrated.

### KILLED IN COLLISION.

Kansas City, Mo., June 4.—By the head-on collision of two Missouri passenger trains near Menden, 22 miles south of Kansas City, one person has been killed and nineteen have been injured, most of the latter being passengers. The trains were the Colorado flyer, westbound, and an accommodation train, eastbound.

**B.G. Electric Ry. Co.**

35 YATES ST.

ADVANCING TO  
RELIEVE FORTRESSREPORTS REGARDING  
THE RUSSIAN FORCEFourteen Thousand Men Said to Have  
Already Reached Entrance to  
Liaotung Peninsula.

Paris, June 5.—The St. Petersburg correspondent of the Matin says he learns from a trustworthy source that the advance guard of 14,000 men, under General Stalkenberg, sent by General Kourapatkin to the relief of Port Arthur, already has reached the entrance to the Liaotung peninsula, and that the bulk of the army is following.

The correspondent of the Matin at Newchwang confirms this, stating that important movements of Russian troops are proceeding to the southward of Tachichao, towards Kaiping.

The leading military authorities here expect the early fall of Port Arthur, and view this as a most serious blow to Russia. The present condition of Port Arthur is being compared to that of Metz and Sedan during the Franco-Prussian war. It is pointed out that General Kourapatkin is making the same fatal mistake in regard to Port Arthur as to Metz, the French made with Metz. The military corps without exception disapprove of General Kourapatkin's policy of non-resistance. This is a notable change in French sentiment since the war began.

A dispatch from St. Petersburg to the Havas Agency says that an unconfirmed rumor is circulated there that General Kuroki has been captured by the Russians.

No Confirmation.

St. Petersburg, June 4.—Nothing is known in government circles to-night regarding the rumored capture of Gen. Kuroki, the authorities having received no news from the front since the announcement of the fight at Saimatzu.

The Russian Wounded.

Liao Yang, June 4.—Another trainload of wounded Russians has arrived here and have been visited by General Kourapatkin, who talked to the men and was assured that they were doing well.

Merchants from the south complain that the Japanese are not paying for the supplies taken by them, as they did in the earlier stages of the war, and assert that they are even ill-treated and insulted when they ask for money.

Two Chinese bandits were executed here yesterday.

Alleged Misuse of Flag.

Nagasaki, June 4.—Wounded Japanese who have arrived here from the Liaotung peninsula, attribute the heavy casualties at Nanshan Hill to the Russians alleged misuse of the white flag.

ANOTHER RAILWAY.

Proposal to Build Line From Winnipeg to the Gulf of Mexico.

Winnipeg, June 4.—Incorporation papers have been issued for an ambitious project—the Winnipeg, Yankton and Gulf railway, which will run from here to the Gulf of Mexico, a distance of about 1,500 miles, of which 100 miles will be in Canada, 250 in North Dakota, 250 in South Dakota, 250 in Nebraska, 250 in Kansas and 500 in Oklahoma and Texas. The line will run due south from here to Breham, Texas, without special regard for the great commercial centers of the West. From Winnipeg the maps of the company show that the railway will run near Lihon, N. D.; Watertown, Madison, Yankton, S. D.; Norfolk, Geneva, Clay Centre and Oak, Nebraska; Concordia and Hutchinson, Kansas; Fort Worth and Breham, Texas. The promoters, who are Nebraska capitalists, assert that the surveys have been completed from Yankton to Concordia, Kansas. The plans of the company are that when this portion of the road is completed it will be continued to Hudson's bay.

The only daylight route to Vancouver and Westminster is by the Terminal railway, 7 a.m. daily.

## ANGLO-AMERICAN CONTESTS.

Past Sporting Events Have Left Bitterness—The Palma Trophy Controversy.

London, June 4.—"Perhaps it looks as if we could not take a licking," said Major-General Lord Chelmsford, president of the National Rifle Association to-day, referring to the controversy in the match for the Palma trophy, which was won by the American team in July last.

"However," continued the former commander of the Grenadier Guards, "that is not the case, nor do the comments of the English papers represent our feelings. There is no resentment on our part, and we continue to hold the American rifle team in the highest respect. If they offered to reshoot the match for the Palma trophy we would not do it. We were beaten and we own it. All we say is that unfortunately a mistake has occurred on account of the American team using rifles they themselves admit are not similar to those issued to the American army. Such action distinctly broke the conditions under which the Palma trophy must be fought for. Nothing dishonorable has been imposed by us to the American team, and I am sorry to see that the London Times made such an unfortunate deduction."

The controversy aroused here over the Palma affair, has brought to a climax a long series of unpleasant incidents associated with Anglo-American sporting contests. Scarcely any of them has occurred in England without leaving bitterness on one side or the other. American residents in the United Kingdom have come to dread the visit of any American contestant in sports. Since Howard Gould came over with his yacht Niagara, which was visited by the officials of the Yacht Racing Association in 1896 in the absence of Mr. Gould owing to a rumor that she was fitted with water ballast, to the present Palma episode, mutual distrust appears to have existed between the leading exponents of sport in both countries. Hence the forthcoming trip of Harvard-Yale athletes caused some misgivings in the minds of Americans who live in England. They recall the keen feeling exhibited by the English spectators against the "college yells" heard when Harvard and Yale met Oxford and Cambridge in London. Cornell's troubles at Henley in 1895 are still fresh in the minds of all Englishmen connected with rowing, while both Yale and Pennsylvania continue to come in for severe criticism for employing professional coxswains. Even in the matter of clothes and the megaphone voice of the coxswain and coach, the Americans are still bitterly criticised in rowing circles, while the English tennis experts have never quite forgiven Ward and Davis for appearing in English championships in unconventional shoes. In polo circles Lord Shrewsbury's attack on Lawrence Waterbury, the American player, for the wearing of shoes, required King Edward's intervention to prevent serious trouble. In the light of experience of those best fitted to know, it is said that every Anglo-American contest, whatever the result, has left bitterness behind it.

**THE POPE'S PHYSICIAN.**  
Dr. Lapponi Says He Has Not Been Asked to Resign.  
Rome, June 4.—Quite a sensation was caused at the Vatican to-day by dispatches from American papers stating it was true that Dr. Lapponi had been dismissed, the Pontiff, according to the reports, desiring the services of a Venetian physician, and also whether Dr. Lapponi, being a Free Mason, had insisted on the Pope leaving the Vatican, taking the ground that the Pontiff was no longer a prisoner.

Dr. Lapponi, in an interview, authorized the Associated Press to say he has never been asked to resign, as he is apparently enjoying the entire confidence of the Pope. The Pope's Venetian doctor, Dr. Lapponi added, does not exist, as the Pontiff had only one physician at Venice, Dr. Paganuzzi, and he died some time ago. Dr. Lapponi was reappointed to the position of the physician of the Pope three hours after the election of Pope Pius.

## BRIEF TELEGRAMS.

The Pope will hold a consistory June 27th. No cardinal, it is believed, will be appointed.

There is a story current in St. Petersburg that Admiral Skrydloff has gone to Port Arthur in a balloon.

One hundred delegates representing twenty-nine states, were in attendance on Friday when the convention of Zionists of America at Cleveland was called to order. The most important question to be discussed by the convention will be as to whether the Zionists are in favor of accepting the offer of England in British East Africa for the purpose of opening up a New Judea.

Orders have been issued by several cotton mill managers instructing agents to curtail production on account of the depression in the textile industry, says a Boston dispatch. Many mills in Southern and Central New England have been running on short time all spring, and at present about 50,000 operatives are affected.

Compelled through fear of her life to marry the man from whom she had been divorced, Louise Becker Goodrich with Herschel Goodrich annulled at San Francisco. He forced her with a loaded revolver to go with him and again become his wife, she stated. She obtained a divorce in October, 1901, for cruelty, he having shot at her while at home, and attempted to cut her throat.

James Brackin, a well-known great lake captain, died Saturday of cancer, aged 55 years.

Andrew Carnegie has given \$50,000 for the establishment of an English chair at Gothenburg University, Sweden.

The strike of miners in the fifth sub-district of Ohio has been declared off at the end of a conference between the miners and operators. The question as to who shall control the labor was settled by concessions from both sides.

Ladies' luncheon at the Driad from 12 to 2 p.m., 50c.

Another immense consignment of Rogers Bros' 1847 silver plate—the kind that wears like real silver—just received by Weller Bros. Government and Broughton streets.

INITIAL GAME OF  
TREDWAY'S TEAMMADE GOOD SHOWING  
AGAINST THE RAINIERSNavy Defeated by the Victoria Cricket  
Club on Saturday—Yacht Races—  
Sporting Notes.

As a beginning in their baseball career the newly organized British Columbia team did remarkably well in their game with the Rainiers, of Seattle, at the Caledonia grounds on Saturday afternoon. They were defeated by a score of six to four, and considering the strong aggregation they opposed and the fact that up till Saturday the nine had little or no opportunity for team practice, the showing made left a decidedly good impression with the large assemblage of spectators. Approximately eight or nine hundred were present, including a big number of ladies. The 'Fifths' team was in attendance and added liveliness to the occasion.

The game commenced at 3 o'clock. As the home players in their navy uniforms of gray took the field they received an ovation. No good play was overlooked, and as Holmes succeeded Emerson in the box to do his first pitching of the year there was great cheering for him. "Jimmy" is a Victoria favorite on the diamond. Emerson had done good execution, and his work was also appreciated. The change was made according to programme. A few balls thrown by Holmes were batted over the fence, but when not too impulsive his work was clever and very effective.

By way of brief comment it might be stated that the Victoria nine played in hard luck. Repeatedly they were nipped without scoring. The fielding was poor at times, and this, with a few errors, cost the home players defeat. Tredway has gathered about him some young and promising players. There were one or two who did not appear in strong form on Saturday, but the circumstances of their ability as players could hardly be questioned.

As for the Rainiers, they play professional ball. Their fielding was the war feature of the game. In batting, however, like all teams, they possess the strong and the weak. Boyle, the pitcher, is one of the best seen here this year. Tall and with good muscle, and a good deal of science and judgment, his twirling keeps the batsmen thinking. He was only supported both behind the bat, by Ford, and in the field. The score appended indicates in a manner the character of the game, the runs made in the eighth inning by the home nine, with the excellent chances presented of tugging the tables, having proved one of the most exciting plays of the game:

## CENTRALS VICTORIOUS.

In a match played between the North West and Central teams on Saturday morning at Beacon Hill, the latter won out by a score of two to one. This was the standing of the teams in the junior league, the first game having been won by the North West boys. Noel and Phillips made up the battery for the winning nine, and their work was most effective. Hall and Penketh, pitcher and catcher respectively for North West, were not as successful in holding down their opponents. Walter Wriglesworth gave satisfaction as umpire.

## INDEPENDENTS WON.

A match was contested between the Independents and Hiccoca's team on Saturday at Beacon Hill. The former nine won out by an overwhelming score, running up by a score of ten to one. This was the standing of the teams in the junior league, the first game having been won by the North West boys. Noel and Phillips made up the battery for the winning nine, and their work was most effective. Hall and Penketh, pitcher and catcher respectively for North West, were not as successful in holding down their opponents. Walter Wriglesworth gave satisfaction as umpire.

## AT BEACON HILL.

An uneven match was played at Beacon Hill on Saturday between teams captained by Clay and Shirley, resulting in a win for the former by a score of 10 runs to 4.

## YACHTING.

On Saturday the second of the series of Victoria Yacht Club races took place on the straits, commencing at 3 o'clock, from a point off Pearline Rock, from there to Brochle Lodge, thence to a buoy off Macaulay Point and in to the starting line.

In the first contest, open to the cruiser class, Dorothy was the first to get away, followed closely by Gwelon. A very light wind prevailed at the start, and many were of the opinion that the race would

(Continued on page 6.)

## LOST AND FOUND.

Advertisements under this head a cent a word each insertion.

There is nothing like Sunlight Soap for Household Utensils.

When you have to use hard water it is not an easy matter to wash household utensils. To do good washing you should have good soap and soft water (rain water). If you use hard water you must have good soap, and the best soap you can get is Sunlight Soap because it softens the hard water and makes a copious creamy lather. Use Sunlight Soap for all household purposes and the results will surprise you.

## SUNLIGHT SOAP

ASK FOR THE OCTAGON BAR.

Sunlight Soap washes the clothes white without injuring the hands.  
LEVER BROTHERS LIMITED, TORONTO.

## DANUBE BRINGS A SHIPMENT OF ORE

FROM A PRINCESS ROYAL ISLAND MINE

First Action for Damages Arising Out of the Wreck of the Clallam—Marine Notes.

The steamship Danube arrived yesterday morning from Northern British Columbia ports, bringing as cargo 30 tons of ore from the Serril Inlet, Princess Royal Island, for the smelter at Tacoma. F. M. Tweedie, the manager of the new mine which has been opened, was a passenger south on the steamer. He reports that in future shipments will be made. He expects to ship from 25 to 30 tons a month. Other passengers to arrive were Rev. Mr. Cullison, Rev. J. P. McCulloch, Rev. J. H. Keen and wife, H. N. Ross, P. B. Flemming and Mrs. A. J. Hall.

### THE CLALLAM AGAIN.

A Seattle dispatch says: "The first damage suit to result from the wreck of the Clallam was begun Saturday in the United States court when E. H. Gale, in behalf of the plaintiffs, filed preliminary papers. The suit, in which the widow and children of Assistant Engineer James J. Smith are plaintiffs, promises to result in a second investigation as to the cause of the wreck."

"To claim damages the petitioner must likewise claim fault on the part of the owners of the steamer. For this reason the suit will begin a second investigation of the wreck. In this instance the broken daylight of the starboard side of the craft and the alleged faulty condition of the rudder of the Clallam are named as causes for the wreck. The petitioner goes on to recite that the ship left this port with these alleged faults, and that these resulted in her sinking. The daylight is said in the papers filed to have been sprung so that it was impossible to close them to shut out the water. The latter vessel is said to be loose in its fastenings that it could not be held to bring the Clallam head on against buffeting seas. As a consequence of this last condition the craft wallowed in the trough of the sea. Mrs. Laura Smith, the widow, and her two children, Esther May and James Yocum Smith, bring the suit. They want \$50,000 damages for the death of the husband and father."

### OPIMUM IS SEIZED.

Barney Logan, fireman of the steamer City of Seattle, was arrested on Friday as he left the vessel on a charge of smuggling, according to a Seattle dispatch. He was caught with five pounds of opium in his pockets. Richard Murphy, another member of the crew, in whose bunk ten pounds of the drug were found, was also arrested. As Logan left the steamer he acted rather suspiciously, and United States Customs Inspector Loftus stopped him. "What have you under your coat?" asked Loftus. "My God," exclaimed Logan, "it is the first time in my life that I ever smuggled opium into the United States, and I have been caught." Logan said that he had purchased the opium in Victoria for \$30 and expected to sell the drug in this city for \$4 a pound.

### THE C.P.N. SCHEDULE.

It is now stated that in consequence of a change in the Transcontinental railway service, the steamship Princess Victoria will not take her place on the Victoria and Vancouver route until the 18th inst. and Seattle routes until the 18th inst. During the last week the ship has been taking in iron ballast at Vancouver and she will be in good shape when she enters upon her triangular run.

### ICE IN LA BARGE.

A letter has been received from the North which states that the ice in Lake La Barge has not yet disappeared and that navigation on that water was not looked for for several days yet. The letter was written a week ago today.

### MARINE NOTES.

On Saturday evening the steamship Queen City completed one of her short West Coast runs. She had as passengers returning Messrs. Brittons, Bates, Bone, Stevens, Spinning, Robertson, W. Young, Sprender, K. Clark and Frank Young. Steamer Queen City will sail for Quatsino and way ports to-morrow evening. Steamer Danube leaves for Northern British Columbia ports on Thursday night.

The United States cruiser Tacoma, from Honolulu May 19th, has returned to San Francisco after having spent four days cruising in search of doubtful islands or shoals heretofore reported as existing in latitude 17° N. 130° W. The Tacoma failed to find any showing of any islands or even a trace of shoal water.

A most enjoyable garden fete was held on the spacious grounds surrounding the home of Mrs. Dennis R. Harris on Saturday. The place was prettily decorated with flags, bunting, Chinese lanterns, etc. Ten tables were set out in a most attractive manner. Refreshments were dispensed by the Misses Dorothy McTavish, Maude and Blanche McB. Smith, Dorothy Williams, Flora Shore and Denise Harris; and a candy table was presided over by Miss Maude McB. Smith and Denise Harris. Pink roses decorated the music room, where a very pleasing programme was provided as follows: Piano duet, "Valse des Filles," by Kitzner, Mrs. Harris and Miss Hattie Chapman, a talented pupil of Mrs. Harris; Mrs. Currie sang, "Tell Me," and Signor Claudia contributed charming violin selections, "One of the Six Lyrics," by Bazzani, and "Selections from Faust." Miss Harris's accompaniments were very pleasing. In the studio a profusion of calla lilies appeared and formed a fitting background for the works of art by Mortimer Lamb, which were kindly placed at the disposal of the

ladies for the occasion. The drawing-room was also decorated in a most artistic manner.

### CIRCUS DAY.

The Big Norris & Rowe Shows Playing to an Immense Audience This Afternoon.

This is the first circus day of the season and conditions would indicate that people still love the big spectacles under canvas as well as ever. Norris & Rowe's circus is giving two performances today, and this afternoon the great tents are crowded almost to their capacity.

The parade this morning brought out large crowds of people, and the spectators were given a free show that was more than satisfying. Circus parades are much of the same general character, but the Norris & Rowe pageant was unusually brilliant in fresh paint, new costumes and banners. The heavy draft horses, the riding stock, the animals and wild beasts all appeared sleek and well fed. The parade passed through the principal thoroughfares and made a royal cavalcade. It served to show how greatly the aggregation had increased in size over that of last season, and gave some inkling of the excellent programme that is being offered this afternoon.

The principal circus acts that scored a tremendous success were the daring mid-air feats of the Belford family of aerial acrobats; the four flying LaVans; the Grob family of equilibrists; Melotte, LaNole and Melotte, the silver tight wire performers; Mile. Amy, on the high flying rings; the McDonald Brothers, kings of the whirling wheels; George Setler, the clever juvenile rider and his four white Shetlands; and the trained animal acts of the sea-lions, elephants, dogs and baboons. The hippodrome races came in for a large measure of applause and the really splendid menagerie was visited by thousands.

Norris & Rowe have a great big show now, and they rest assured that their enterprise is keenly appreciated.

Hammocks, lawn chairs and seats, picnic boxes, ice cream freezers, refrigerators, camping outfits, etc., at Walter Bros., Government and Broughton.

Mrs. Rosa Adams, niece of the late General Roger Hanson, C.S.A., wants every woman to know of the wonders accomplished by Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM—I cannot tell you with pen and ink what good Lydia E. Pinkham's Vegetable Compound did for me, suffering from the ill peculiar to the sex, extreme nervousness and that all gone feeling. I would rise from my bed in the morning feeling more tired than when I went to bed, but before I used two bottles of Lydia E. Pinkham's Vegetable Compound, I began to feel the buoyancy of my younger days returning, became regular, could do more work and not feel tired than I had ever been able to do before, so I continued to use it until I was restored to perfect health. It is indeed a boon to sick women and I heartily recommend it. Yours very truly, Mrs. Rosa Adams, 819 12th St., Louisville, Ky."—\$5000 forfeit if original of above letter proving genuineness cannot be produced.

### FREE MEDICAL ADVICE TO WOMEN.

Don't hesitate to write to Mrs. Pinkham. She will understand your case perfectly, and will treat you with kindness. Her advice is free, and the address is Lynn, Mass. No woman ever regretted having written her, and she has helped thousands.

## TAKING CURVES.

Up to a few months before the general elections of 1873 the Conservative party in Canada was an inflexibly free trade party. When Alexander Mackenzie found it absolutely necessary to slightly increase duties, which were imposed strictly for revenue purposes in those days, there was strenuous opposition from the Conservative minority.

But Tory opinion is liable to swerve with a swish at any time if the leaders consider expediency to be more profitable politically than principle. Sir John Macdonald perceived in 1873 that there was little prospect of his attaining power unless he could stampede the electorate towards some new political nostrum. He manufactured what he called a National Policy and told the people it would make them all rich. They believed him.

When the news was sent out to the political writers of those days that the Tory crew had been revised there was consternation for a time. But the Canadian Tory who would not change his opinions for even the prospects of power is a very scarce article. The editor who said, "It is a d—d sharp curve, Sir John; but I guess we can make it," probably expressed in straight-dung words the general view. The organs promptly swung into line, and the advocates of the N. P. were triumphant.

We do not know what is the cause of the hanging back of the Conservative newspapers of the present day—why they seem to have some hesitation about endorsing with enthusiasm the very newest departure of the noble army of patriots who are opposing the bargain of the Dominion government with the Grand Trunk Pacific Railway Company. Perhaps they have but little faith in their leader. Possibly some of them are doubtful of the ability of Mr. Borden and his lieutenants and all the newspapers which support the party to stampede the people of Canada in the direction of a demand for the construction and operation of a transcontinental line of railway through an entirely new country by the government. Or it may be that the policy of the opposition as outlined finally, after much halting and many attempts by its leader, is not at all clear and definite in its terms, and the people of Canada really do not know what the policy of the Conservative party is.

Mr. Borden made two or three attempts to elucidate a policy that would be satisfactory to his followers and attractive to the people before he finally moved that if the people were to pay nine-tenths of the cost of the new road, they might as well make up the balance and own the line. But the people are not going to contribute nine-tenths of the cost of construction. They will merely guarantee a portion of the bonds of the portions of the road to be built by the company. The guarantee for the greater part of the new line they will never be called upon to meet, if the statements of candid and capable Conservatives who are familiar with the conditions in the West are worthy of belief. Unless the unexpected happens, the government will have to meet a portion of the interest on the cost of the construction of the mountain section. But we do not suppose for that reason a great many Conservatives in British Columbia will agree with many Conservatives in the East who hold that the construction of the mountain section, through what they choose to call a "barren wilderness," should not be undertaken at this time. Nor do we suppose the majority of the people of the Dominion will regard it as a reason why the government should plunge into such another undertaking as in considerably more favorable circumstances has involved the country in annual charges of considerable magnitude. As for the section from Winnipeg to Moncton, the government is to build it and the company to operate it. At the end of seven years the Grand Trunk Pacific Railway will pay to the government three per cent. interest on the cost of construction. That section of the line will be driven through an absolutely new

country. If the company can populate that territory and develop it in that time and place its line on a paying basis, it will have done a greater work for Canada than any of the existing lines has done in the same space of time. If the shareholders receive a reward for their faith in the resources of the country no one will grudge it to them. The Canada of that day will present an entirely different appearance to the Canada of the present day. It will have been demonstrated that our habitable and cultivable area extend, indefinitely northwards. Such a demonstration will be worth the fourteen or fifteen millions of cost involved, offset by the ownership of a property worth so much as the Eastern section of the Grand Trunk Pacific Railway will be.

Probably it is the consideration of such facts that deters the Victoria Colonist from endorsing the policy of the leader of the Conservative party. Or it may be that our contemporary is in the position of a goodly number of its readers: is not quite sure as to what the policy of its leader is. If it has decided that the Conservative party is committed to a policy of government ownership and operation of railways, possibly the editor is not so pliable as his late brother who told Sir John Macdonald that to advocate protection would be to take a "d—d sharp curve," and so it is taking time to prepare itself for the plunge. When the Colonist does announce its conversion, as it is noted for the thoroughness with which it does things, perhaps it will carry the policy to its logical conclusion, and demand the acquisition by the state of all railways within its bounds. That is what will come to pass when the Conservative party in sincerity demands government ownership of railways.

The unexpected, if not actually the unexampled, has happened again. Mr. R. E. Gosnell has resigned a position in the government service to become editor of the Colonist. It may be that life in the quiet retreat across the bay is "not all beer and skittles," as one who had experience once averred. For our part, we with our total lack of knowledge of active or passive life in the serene atmosphere of a government office admit our incompetence to express an opinion as to the wisdom of the choice of the brother we cordially welcome to the strenuous and apparently fascinating realm of journalism. But if life in the precincts of the Parliament buildings be as pleasant, as calm, as serene, as contemplative, as indifferent to the opinion of impatient waiters at the counters, as reposeful, as completely absorbed in self-contemplation and introspection as it seems to be—then we should hesitate a long time before giving it up to become a real, active worker again. But our esteemed contemporary that is it to be has had experience in the spheres of activity and of passivity, and we presume that he is fully aware of the relative weight of the burdens. Mr. Gosnell is an able man, and he wields a very persuasive pen. He comes in at an opportune time too. The Colonist seems to be doubtful at present about the expediency of endorsing the alleged newest policy of the leader of the Conservative party, which some say is government ownership of railways and others claim is nothing but opposition to the G. T. P. for the purpose of gaining the support of the C. P. R. Perhaps the new editor will be able to clear away the mists.

Mr. Hewitt Bostock's many friends in Victoria will be delighted to read the announcement of his appointment to the Senate. In these days of obstruction and draw-drawn-out sessions there is no reward for a busy man in membership in either of the Houses of Parliament. If there were any prize in such an appointment Mr. Bostock is as fully entitled to it as any member of the Liberal party. But he is the last man in Canada to claim recognition for his services. Mr. Bostock went into public life because he felt called upon, as a citizen, to do all in his power to secure clean, honest and progressive government for this Dominion. He was returned to the House of Commons as a supporter of the Laurier administration formed in 1896. He will continue to support that government in the upper chamber, we trust and believe, for many years to come. A man of unswerving integrity and of sound principles, not a partisan in the narrow sense of the term, the government can only depend upon his support as long as it remains worthy. A man of few words, Mr. Bostock may not electrify the Senate with his eloquence, but he is of the type which performs honest service. The country is more to be congratulated than the appointee.

Certainly Premier McBride did his duty by the country when he introduced a journalist of repute to his cabinet as President of the Council. But does he think Mr. Cotton will be content to remain for any considerable time in a subordinate position to colleagues of such calibre as Fulton, Wilson, Green, Tatlow, or even McBride? We grow not. Journalists, being accustomed to generous remuneration, cannot be expected to give their services, even to their country, gratis. Also being accustomed to associates of mental grasp and strength, when they come in contact with weaker vessels, the inevitable tendency is upward. Therefore, the Hon. F. Carter-Cotton is destined to rise

rapidly, and we hope the Hon. Richard McBride may not be sorry that he was tempted to recognize ability.

Let us see: McBride, from New Westminster; Tatlow, Wilson and Cotton, from Vancouver; Fulton, from Kamloops; Green, from it does not matter much where, and not a single representative from any part of the Island. Verily there seems to be something amiss about the distribution of portfolios in the provincial government. Surely it cannot be that all ability is concentrated in Vancouver and its environs. If such be the case, and the McBride cabinet is representative of our talent, then may the good Lord have mercy on us! There is but one course to pursue: Surrender the right of self-government.

The columns of the Times are not open to the libellous criticisms of correspondents who have, or believe they have, grievances against business concerns. The plant and business of the company's complained of by two contributors of this paper are subject to inspection by government officials, we believe. There is therefore a legitimate means of obtaining satisfaction as to the status of the one and the soundness of the appliances of the other.

## BAND MUSIC.

To the Editor:—Quite a few of our citizens are of the opinion that this season will be a musicless one, as stated in the Colonist. This is altogether a wrong idea, as I might state, Mr. Editor, that we can have the Victoria City band at hand any time we wish. In fact, its members are interested in business to such an extent that it has been definitely settled that it will be impossible for them to proceed to the St. Louis fair. It must not be forgotten that the boys of the Victoria City band have worked hard and practiced well together for the past eight years, and intend doing the same for another such period of time. The citizens and visitors who had the pleasure of attending the concert on the evening of May 24th last, previous to the fireworks, were pleased and well satisfied that the Victoria City band can give a first-class programme whenever called upon to do so, and it might be stated when the Fifth Regiment band proceeds to St. Louis that this season need not be a musicless one as far as open-air concerts are concerned, for should our city fathers feel inclined at any time to have an open-air concert at the park for the benefit of the citizens they will have no trouble to get response from the members of the Victoria City band.

## CITIZEN.

## CRAVES PROTECTION.

To the Editor:—I have been several years in this country, and bought a farm and real estate in this city, paid my taxes, and I entitled to protection? Having my chief business in town, I cannot go very often to my farm, which is well fenced in, and on which I built good houses, stables, etc. My fences were burned down; erected new ones, broken down; sheep and horses were found eating my hay crop. The owner of these animals, before the provincial constable, who lives within three miles from my farm, and other witnesses, promised to keep the animals away from my

farm, but the other day when I was going out I found that the sheep and horse were there. Now, Mr. Editor, am I wrong in asking for protection? The constable easily can stop these things.

## FAIR PLAY.

INCOMPREHENSIBLE DISCRIMINATION.

To the Editor:—In 1876 Admiral Cochrane when cruising on the coast of Northern British Columbia said in his reports that Port Simpson was a splendid harbor, the best and safest in the Northern waters. He also visited Queen Charlotte Islands and gave glowing accounts of their hidden and valuable wealth. The seal will be productive up to the mountain tops, when the timber is cut off. The government some years ago put a reserve on the whole of Graham Island, and less a few thousand acres that had been crown granted by prospectors during the last seventeen years. Most of those have died, some sold out and went hunting for more easily got fortunes in the Northern places. Many have been on that island the past few years, but they all have the same grievance, namely, the reserve is still kept on by each succeeding government. The price the government charge for coal land is high enough, ten dollars per acre. Surely there must be some object in view when this locality (Graham Island) is locked up and the Southeast Kootenay blocks are thrown open.

## INQUIRE.

## Foot Elm Positively Cures

There is no remedy that will compare with the genuine original Foot Elm for relieving foot troubles. Tired, aching, sweaty, inflamed feet are made comfortable in a day. All Drug Stores, 18 Powders 25 cents, or postage free.

D. V. Stott & Jurg, Bowmanville, Ont.

At 50c. yard. Values to \$1.50.  
In this lot are ten lengths of Check Suitings that were \$1.50 yard.

## D. SPENCER, Government and Broad Sts.

## CABINET COMPLETED.

F. Carter-Cotton Sworn in as President of the Council To-Day.

The provincial government today was completed by the swearing in of F. Carter-Cotton, of Vancouver, as president of the council. The selection of Hon. F. J. Fulton as provincial secretary left this position vacant. This morning F. Carter-Cotton was sworn in to fill it.

The new cabinet minister is not new to the duties of office, having been minister of finance in the Semlin government.

There are other aspirants for office on the Government side who will not regard this move with favor. The Premier doubtless considered, however, that he had need of the council which Mr. Carter-Cotton could give in the present situation of affairs.

## RAIDED GAMBLING HOUSE.

Twenty-One Chinese Were Brought in by the Police Last Night.

Last night the police raided No. 30 Cormorant street and took into custody twenty-one Chinamen and a considerable quantity of the paraphernalia of a gambling house. The assaulting party was led by Chief Langtry in person, accompanied by Sergeant Redgrave, Sergeant Detective Palmer, Detectives Perdue and McDonald, and Officers O'Leary and J. Woods. A frontal charge was made by the main body, while Sgt. Redgrave and Officer O'Leary made a rear attack by way of alleys and high fences.

The Chinamen were taken completely by surprise, and not being advanced enough in modern civilization to have any charter for their gambling place under the Benevolent Societies Act or any similar act, they were subjected to a fine this morning.

The management had taken precautions to provide for the escape of the inmates, however, by means of a skylight. In that way one of them got away. As the breaking in from the front began and the Chinamen found the back guarded, the procession up the ladder began. When Officer O'Leary got to the ladder one has gone and two were in transit. The officer made short work of this means of egress by pulling it down with all aboard.

Do You Shave Yourself?

## CITY NEWS IN BRIEF

—Dr. J. S. Helmecken has just celebrated his seventy-ninth birthday.

—The merchants' lunch at the Driad served from 12 m. to 2 p. m., 50c.

—Cheap trip to Mayne Island Sunday, V. & S. R. and steamer Iroquois, \$1.00 return.

—Dr. Jamieson, phrenologist, 111 Pandora street. Office hours 9 to 12 and 1 to 5.

—Finest Ashcroft potatoes at Erskine's grocery, corner Johnson and Quadra streets. Tel. 100.

—A meeting of the directors of the Jubilee hospital will be held at that institution at 8 o'clock on Wednesday evening.

—For Skagway and way ports. Fast steamer Dolphin sailing June 14th and 23rd. Office, No. 100 Government street.

—The Friendly Help Association will hold its regular monthly meeting to-morrow at 11 a.m. It will be held in the rooms in the Market building.

—If you are going to St. Louis, or any point East, take the Northern Pacific railway. Three trains daily from Seattle. Tickets on sale for this exposition June 7th, 16th, 17th and 18th.

—Sheriff Richards will sell sixteen shares in the "Barque Antelope" Company, Ltd., on Thursday next in front of his office, on Bastion Square. The sale will take place at 10.30 a.m.

—Steamer for Puget Sound points: Steamer Rosetta sails daily except Tuesday, at 9 a.m.; steamer Whatcom sails daily, except Thursday, at 8 p.m., calling at Pt. Angeles daily, except Tuesday and Thursday. Cheap week-end excursions.

## Health Brings Happiness

Good drugs mean much to you, a properly filled prescription is a small investment that makes the doctor's advice worth taking. Bring your prescriptions to us. A qualified dispenser always in charge. Prices low, considering quality.

**FAWCETT FAMILY DRUG STORE**  
COR. KING'S ROAD AND DOUGLAS ST.

—The marriage of Mr. E. A. Bazley, of Seattle, and Mrs. A. E. North, of Vancouver, took place on Saturday evening at the home of Mr. C. Satterfield. The ceremony was performed by Rev. J. F. Vichert. Mr. and Mrs. Bazley will reside in Seattle.

—Fruit Sugar is the result of long, careful, patient experiment. Unlike the article we all know in our childhood days, it does not turn lumpy while you wait, and need to be broken up with a hammer or a brick, but remains free and granular till used. Try it.

—The local examination in music under the University of Toronto will be held in Watt's music hall on June 8th from 9 a.m. to 12 noon. Dr. Albert Ham, of Toronto, will conduct the practical examinations. Mr. A. T. Watt will have charge of the theoretical part of it.

—On Saturday afternoon a six-year-old son of W. G. Elen slipped from the roof of a woodshed, falling a distance of seven or eight feet, and injuring one of his legs, requiring its removal. This should afford a warning to others to take precaution to prevent children climbing on roofs.

—The date for the putting on of "The Pirates of Penzance" by a juvenile company has been arranged for Tuesday of next week. There has been a great deal of attention paid to the costumes for the production, and some of these have been brought from San Francisco. It is said that they will very closely follow the original production of this opera of Gilbert and Sullivan.

—The department of agriculture in the Dominion has received a communication from Francis O. R. Anderson, of Glasgow, asking for information relative to his uncle, Alex. Fraser. The letter gives the intelligence that Alex. Fraser left Huntly, Aberdeenshire, about 15 or 16 years ago, in order to farm in Canada. His nephew, Francis O. R. Anderson, son of Ann Fraser, a sister of the missing man, asks to be communicated with by anyone knowing of his uncle. The address of Mr. Anderson is 22 Albert street, Townhead, Glasgow, Scotland.

**Grant & Conyers**

Successors to P. C. MacGregor & Co.,  
NO. 2 VIEW STREET.

—Mrs. Campbell, scalp specialist, 161 Fort.

—Ladies' luncheon at the Driad from 12 to 2 p. m., 50c.

—Good dry cordwood at Johns Bros., 250 Douglas street.

—Saw and tool sharpening, Waites Bros., 58 Fort street.

—Lever's V-Z (Wise Head) Disinfectant Soap Powder dusted in the bath softens the water at the same time that it disinfects.

—Made in Canada is all very well, but made in British Columbia is better. If you doubt it, try the new Fruit Sugar!

—The Hotel Driad billiard and pool parlors are now open to players. First-class tables, good lights. The finest billiard parlors in Victoria.

—The Problem Solved.—Buy an artistic electric table lamp for that wedding present. We have them from \$3 up. Hinton Electric Co., Government street.

—The regular monthly meeting of the Friendly Help Association will be held in the rooms, Market hall, on Tuesday, 7th, at 11 a.m. All members are requested to be present.

—Nothing more wholesome or appetizing than marmalade. We have Batger's best in 4 lb. tins for 50 cents, and 7 lb. tins for 80 cents. This is a bargain, at Erskine's grocery, telephone 100.

—The 12th of July will be celebrated in Vancouver this year when on that occasion the foundation stone of a new temple of their order will be laid. Victoria Orangemen will attend in large numbers. There will also be a big turn out from other Island points.

—Yesterday afternoon a large crowd journeyed to Victoria Island, where a very enjoyable open air concert was provided. Prof. E. M. Irving intends to have a concert in the gardens every afternoon and evening, with special attractions for Sunday afternoons.

—Miss Charlotte Spencer, who has recently returned from finishing her musical education in the East, contributed a solo at the evening service in the Metropolitan church last evening. Miss Spencer is possessed of a rich voice, and her solo last evening was greatly enjoyed by the large congregation.

—"Made in Canada" is the kind of insurance that is offered to prospective insureds by The Mutual Life of Canada, one of the oldest and strongest companies in Canada. Every dollar of its cash dividends is distributed among its policyholders only. Apply to R. L. Drury, provincial manager, 34 Broad street.

—The funeral of the late Mrs. H. J. Attack took place yesterday afternoon from the family residence, Bothwell street. Rev. Joseph McCoy, M.A., conducted the services. A large crowd attended and beautiful floral emblems were presented. The following acted as pallbearers: Messrs. R. G. Howell, J. McKenzie, J. Crawford, J. A. McLeod, S. E. King and H. Pretty.

—Sprinkling & Co., mercantile tailors, room 3, Moody block, Yates street, having purchased the high class stock of ladies' cloth from W. Stewart, and having procured the service of a first-class cutter and fitter from the Chicago cutting school, intend running a ladies' tailoring department. This department will be run altogether separate from the other branch of the business.

—The performance of "The Eljiah" takes place to-morrow night in the Metropolitan Methodist church. The final rehearsal will be held to-night, when the work will be gone through in its entirety. The rehearsal will be strictly private, only those taking part being admitted to the church. The reserved seats are being taken up rapidly, and everything points to a great success. Mrs. Jennie Houghton Edmunds arrived from Seattle this afternoon to sing in the oratorio. The press says: "Mrs. Edmunds' accomplishments have become almost indispensable to musical events, and she retains her position as Seattle's first soloist." Mrs. Edmunds is a favorite wherever she is heard in song. There is nature's true harmony in her notes, her enunciation is perfect, and her manner entirely without affectation.

—A few days ago the Times referred to the damage being done to strawberry plantations in the province by a weevil. It had been reported to R. M. Palmer as working particularly on the lower Mainland. Mr. Dale, of Hammond, in referring to the destruction by the weevil, says: "There are sixty acres of strawberries at Port Hammond, which will yield a large crop this season. It is a fact, however, that the crop will not be more than two-thirds of what was expected on account of the prevalence of a new grub or caterpillar, which attacks the roots of all plants which have been in the ground for two or three years. This is the same worm that is giving the farmers of Washington state so much trouble, and this is the first season that it has appeared in anything like damaging numbers in British Columbia. Other crops are very healthy and the yield will be exceedingly large."

## PLEIADES LOST PROPELLER AT SEA

**PICKED UP DISABLED FAR OUT ON OCEAN**

German Steamer Nicomedie Towed Her Into William Head This Morning  
—A Huge Prize.

Picked up at sea, without propeller and drifting about at the mercy of wind and tide, the Boston Towboat Company's monster freight and passenger liner Pleiades, plying in the Asiatic trade between Seattle and Victoria and the Orient, was towed into quarantine early this morning. She was found about 744 miles off the Cape, or to be exact, in 50.30 N. and 143.38 W., the lucky craft which went to her assistance and which brought her safely to port being the Nicomedie, Capt. Wagner, a German tramp ship owned by the Hamburg-American line, and under charter to the Asiatic Steamship Company of Portland.

The Nicomedie was bound from the Oregon city to the Orient with general cargo, when on Wednesday afternoon last, about a quarter to six o'clock, her skipper's attention was attracted by the signals of distress shown by the Pleiades. Going to her aid a brief communication took place between the two commanders. As a result the German tramp passed a line to the big liner and took her to William Head.

Capt. Wagner, when seen this morning, stated that had the Pleiades been without assistance another day she would in all probability have drifted out of the regular course of steamers, and been wallowing around helplessly in the sea for weeks, possibly months. The weather was fine when the distressed ship was seen. A big steel hawser was attached, and through careful management accidents were averted. Capt. Wagner was informed that the propeller had been lost, but learned no other particulars of the steamer's misfortune. He simply performed his duty, taking the steamer to a safe harbor, anchoring his own vessel in Esquimalt, and on coming ashore immediately communicated with his owners. The question of salvage, he stated, would rest entirely with the owners. He could not give any idea of the amount likely to be claimed, although in view of the large amount of property in jeopardy, as also the number of people on board the Pleiades, the sum is liable to be a pretty large one.

The tow to port was a big undertaking, and speaks much for the manner in which the Nicomedie was handled.

The Pleiades, said Capt. Wagner this morning, was showing the distress signals "N. C." when sighted. She was hauling down and raising her flag to attract attention, and was blowing her whistle. On Wednesday afternoon the weather was fine, but next day a strong southeaster was encountered. Then a dense fog was run into, and last night another very heavy blow was experienced. By working slowly and cautiously, however, the hawser was never once parted.

The Nicomedie is a vessel of 2,505 tons, while her tow has a gross tonnage of 3,753 tons. The latter is one of the largest steamers which comes to this port. The Pleiades is a comparatively a new vessel, having entered upon the trans-Pacific trade about a year ago, since which time she has been operated between Manila, Hongkong, Chinese and Japanese ports, Victoria and Seattle. On her present trip she has not a full cargo. She carries no saloon passengers, but in the stowage are 90 Japanese.

Capt. Purrington, who is in command, and Purser H. F. Chandler, were the only members of her crew to come into the city this morning. Fearing litigation, which is almost sure to follow the accident, neither desired to say anything whatever about the ship's misadventure. From other sources, however, it has been learned that the propeller was lost on May 28th in fine weather.

Frank Waterhouse, representing the owner of the ship, will arrive here from Seattle this afternoon, and on his arrival it will be determined what will be done. In the meanwhile the Pleiades remains at William Head. She will probably be towed to the wharf to-morrow morning to discharge 300 tons of cargo for this port and Vancouver. Indeed, it is possible that all her freight will be landed here, and the vessel docked in Esquimalt.

The Nicomedie will proceed from here to Ladysmith for coal before resuming her voyage.

To-morrow evening there will be a meeting of the Victoria Kennel Club in the offices of Dr. Garesche, Fort street, when a number of matters of considerable importance will be considered. Among the questions to be discussed are several proposed alterations in the rules of the Western Kennel League. It is understood that T. P. McConnell, formerly secretary of the association, has a valuable suggestion to offer regarding the conditions governing the awarding of championships to prize-winning dogs. He claims that the present rule, which provides that a canine cannot attain that honor without capturing five winners against a certain number of competitors, is unfair. To improve this method he proposes to introduce a system of points in which every dog must obtain a certain number before being entitled to a championship. A point will be awarded for each dog defeated, and the number of points necessary will be regulated according to the popularity of the class in consideration. The chair will be taken at 8 o'clock, and a full attendance is desired.

## LOW EXCURSION RATES

To St. Louis and Chicago and return account World's Fair via Great Northern Railway, June 7th, 10th, 17th and 18th. K. J. Burns, agent, 75 Government street, Victoria, B. C.

## THE FULL COURT OPENS TO-MORROW

**APPEALS WHICH WILL COME UP FOR HEARING**

Several Very Interesting Cases Are Included Among Those Set Down for Decision.

The Full court will open to-morrow for the hearing of appeals from the courts below. There is a very considerable list of appeals to be heard. They are as follows:

Attorney-General, respondent, vs. Ladgate, appellant. This is the old case which has been before the courts for years, and is an appeal from Mr. Justice Martin. J. H. Lawson, for plaintiff; F. W. Howay, for defendant.

Victoria City, appellant, vs. Meaton, respondent. An appeal from the Chief Justice. J. M. Bradburn, for plaintiff; H. B. W. Aikman, for defendant.

King, respondent, vs. Wilson, appellant. An appeal from Mr. Justice Irving. D. G. Marshall, for plaintiff; W. M. Griffin, for defendant.

As Shu, appellant, vs. Brown, respondent. An appeal from Judge Leamy. C. J. Liggate, for plaintiff; H. C. Shaw, for defendant.

Williams, appellant, vs. Bank of Montreal, respondent. An appeal from the Chief Justice. A. O. Galt, for plaintiff; J. H. Hallett, for defendant.

Re Assessment Act and Nelson & Fort Shepherd railway, appellant. An appeal against the Court of Revision decision. Attorney-General, for province; A. H. Marshall, appealing company.

Hopier vs. Dunsinuir, respondent; Dunsinuir, intervener, appellant. This is an appeal taken by Mr. Joan Dunsinuir against the decision of Mr. Justice Drake. There is a possibility that this may not be heard owing to the absence of Mr. Justice Martin, who is on circuit. D. M. Roberts, for plaintiff; W. E. Oliver, for defendant.

Minor, respondent, vs. B. C. Electric railway, appellant. This is an appeal from the decision of the Chief Justice, in which damages were sought for killing the dog Rex Montez. J. H. Lawson, Jr., for plaintiff; E. E. Wootton, for defendant.

Barrett, appellant, vs. Elliot, respondent, an appeal from Mr. Justice Drake. F. Higgins, for plaintiff; H. B. Aikman and A. L. Belya, for defendant.

## SCHOOL RETURNS

The Attendance For Last Month Fell Somewhat Below That of April.

The school returns for the past month show a decline in the attendance. The average for May was 2,650, as compared with 2,706 for April. The abstract statement of the attendance, etc., for the various schools of the city during May was as follows:

No. Present.	No. Present.	Perfect Att.	Att. P. C.	Attendance.
High School 188	164.68	55	87.37	39
Boys' 514	481.94	200	93.70	24
Girls' 420	387.78	82	94.00	11
North Ward 429	382.38	183	80.30	39
South Park 355	328.40	102	92.43	26
Victoria W. 292	275.71	95	91.25	21
Spring R. 178	150.19	79	80.43	3
Kingston St. 143	135.15	79	94.58	23
Hillside Ave. 131	119.45	64	91.18	15
Rock Bay 63	58.72	31	93.20	3

Total 2,650 2,420.80 1,081 91.38 294

\*Returns incomplete.

In connection with the attendance of the list of those divisions which attained more than 95 per cent. in that respect: South Park, Div. 6, 97.32; Boys' Central, Div. 11, 96.83; North Ward, Div. 1, 96.08; Boys' Central, Div. 3, 96.23; Kingston street, Div. 1, 95.00; Rock Bay, Div. 1, 95.21; Victoria West, Div. 2, 95.00.

## Foul Breath and Coated Tongue

ARE EXCITED BY A TORPID CONDITION OF THE LIVER—THE GREAT CAUSE OF HEADACHE, DESPONDENCY AND THE BLUES.

With disease the most important time is at the beginning, because at the start it can be controlled. A coated tongue, foul breath and general feeling of heaviness do not menace life like typhoid fever, but prepare the way for this disease and others just as bad.

You get about as close as possible to nature's own remedy by using Dr. Hamilton's Pills, which are composed entirely of vegetable extracts, and therefore perfectly harmless. These pills have a mild action on the bowels, causing them to move regularly. By their stimulating action on the kidneys and liver they free the system of all poisons and impurities. This clears the complexion, sweetens the stomach and cures the foul breath and coated tongue.

Dr. Hamilton's Pills are made according to the formula of this noted physician. Their action is so even and mild that you suffer no inconvenience or loss of time. Yet they do the work expected in a most satisfactory way. If you suffer from headache, dizziness, nervousness, poor color, constipation or any complaint of the stomach or bowels, select Dr. Hamilton's Pills for your remedy; they will permanently make you well. Price 25c. per box or five boxes for \$1. at all druggists, or by mail from N. C. Polson & Co., Kingston, Ont., and Hartford, Conn., U.S.A.

A full attendance of members of Baxter Hive, No. 8, L. O. T. M., is asked for to-morrow evening, as important business will be discussed, new members welcomed. An initiation is also to be held. Review given at 8 o'clock in Temple's hall, Victoria West.

**3 for a Cent**  
Three delicious summer drinks for one cent. Two teaspoonsful of

**Sovereign Lime Juice**  
to a glass of ice water, sweetened to the taste, makes the most healthful, the most satisfying, and the most refreshing, of all hot weather beverages. And 3 glasses cost only 1c.

Sovereign Lime Juice is the pure juice of finest West India Limes, with the natural flavor of the fresh ripe fruit.

Sold by Grocers and Druggists. Refined and bottled by SIMON WOOD, CO., LTD., HALIFAX, N.S.

#### INITIAL GAME OF TREDWAY'S TEAM

(Continued from page 2)

have to be declared off. This was, however, rendered unnecessary by the increase of the wind with the rise of the tide. In spite of the advantage of Dorothy's start, the race promised to be exciting on the second tack. Gwendol gradually drew up her opponent, and on the home run succeeded in overhauling her and reaching the starting point some distance in the lead. She was in four and a half minutes before Dorothy, not quite sufficient time to counterbalance the time allowance, and therefore the race was awarded to Dorothy Langley's boat.

There were several starters in B class, but none had any chance with the Dione. The latter went further out than her opponents, and picking up a good breeze easily passed the others, reaching home a long way in the lead.

An interesting race took place between Stanley Laurie's yawl Whitecap and Marcella, the latter rounding Brodie's ledge ahead of the yawl. Whitecap steadily reduced the gap on the run to Macanlay Point, and on the last tack secured a lead of about half a mile, which she maintained to the finish.

It is expected that one of the series of races for boats of the one design class will take place over the same course next Saturday.

#### CRICKET.

##### VICTORIA WON.

The Victoria club first eleven met the Navy players at the grounds adjoining the Jubilee hospital on Saturday. Victoria won the match by an innings and 22 runs. The scores follow:

GARRISON DEFEATED.

At Vancouver on Saturday the Terminal City eleven defeated a team from Work Point by runs and 7 wickets. The scores follow: Garrison, 1st Innings, 48 runs; 2nd Innings, 127 runs. Vancouver, 1st Innings, 141 runs; 2nd Innings, 96 runs for 1 wicket.

#### LACROSSE.

##### WESTMINSTER V. NELSON.

An interesting article appeared in a recent issue of the New Westminster Columbian describing the conditions in lacrosse circles. It follows in part: "recalled during the discussion at the recent meeting of the New Westminster Lacrosse Club, in which several citizens not connected

with the executive participated. There was but one opinion expressed—it would be damaging to the self-respect of every member for the Westminster Lacrosse Club to continue in the B. C. Association while the rules of that body are violated on every occasion when our club can be put to disadvantage or loss thereby.

"The abusive articles in the Nelson papers, copied in Vancouver, respecting the refusal of Westminster to play in Nelson after the match in Kaslo, were discussed. The correspondence showed that Kaslo had distinctly stipulated with New Westminster that our team should play at no other point in the Kootenays on this trip; and that all arrangements with the players had been made with this understanding; so that when, after the Kaslo match, it was represented that Kaslo would now consent to a match at Nelson, our team were not in a position to consider the proposition. The secretary of the Nelson club, who is fully posted on the facts, will be requested to have this matter put right in the Nelson papers.

"The terms of the association's decision as to the draw, required the president to make arrangements for the playing of the deciding game on the 4th of June. That date is now at hand, and the president has made no move in the matter."

The Vancouver News-Advertiser of Saturday says: "As regards the latter paragraph, the Vancouver club was prepared to play today, and the president has nothing whatever to do with altering the schedule. From hole to hole the Royal City club is trying to find an opening, but every point of escape is checked by justice, and there was nothing else left for them to do but to withdraw."

#### THE RIFLE.

##### SOME GOOD SCORES.

About the best practice shoot of the season was held at Clover Point on Saturday afternoon. There were fifty members taking part. The majority was again from No. 3 company, there being 14 members of that company present. Serjt. F. Richardson came near breaking the record, for he had 90 and a shot to go and if he had got the bull it would have given him 101. Unfortunately he got an entry, which made his total 98, a very good score at any time.

The shooting was of a higher average than has been the case for some time, and but for the strong and somewhat uneasy wind at 900 yards more good scores would have been recorded.

The following are some of the best scores made, with number of entries:

Staff—3.	
Serjt. F. Richardson	200, 500, 600, 700, 800, 900, 1000
Staff Serjt. Lettice	34, 30, 30, 30, 30, 30, 30
Serjt. Major McInnis	33, 34, 25, 92
No. 1 Co.—4.	
Gr. S. J. Patton	89, 27, 15, 78
Capt. A. W. Currie	28, 27, 15, 70
No. 2 Co.—1.	
Lt. B. Angus	27, 30, 30, 87
No. 3 Co.—14.	
Corp. Serjt. Major Caven	34, 31, 29, 91
Corp. A. Brashaw	30, 32, 28, 90
Serjt. J. Anderson	30, 33, 24, 87
Gr. W. Duncan	31, 29, 21, 81
Gr. G. W. Neil	28, 29, 21, 75
Br. A. Aitken	24, 21, 25, 70
Br. A. Richardson	20, 24, 14, 58
Gr. R. T. Strachan	28, 30, 0, 58
Corp. M. Doyle	27, 17, 19, 63

### PROVINCIAL NEWS.

#### SEASIDE

"An important strike of high grade dry ore has been made at a depth of 400 feet on the Pontiac group on Woodbury creek, in the Alsworth district. Three assays have been made of the ore which gave returns of 265, 682 and 1,415 ounces of silver and \$6 in gold to the ton. It is the most important dry ore strike, it is said, that has yet been made at depth in that section."—News.

The marriage took place Tuesday, June 1st, at the residence of A. Robinson, of Miss Maggie Neuman, of Nelson, formerly of New Zealand, and J. A. Erickson, proprietor of the Grand Central hotel. The officiating clergyman was Rev. Mr. Ferguson. Mr. and Mrs. Erickson left in the evening for Roseland, Spokane and the coast cities.

#### VANCOUVER.

The total averages made at the rifle practice of the public school teams last week were slightly higher than those of the previous week, and a number of really good scores were made throughout by individual shots. Following are the totals for each school: Fairview, 184; Seymour, 170; Roberts, 169; Strathcona, 165; Dawson, 158.

H. H. O'Reilly, manager of the local branch of the Bank of Hamilton, has been transferred to the management of the branch at Winnipeg, and will leave shortly to take up his new duties. His successor arrived Friday. He is Ewing Buchan, late of Owen Sound, and will enter upon his duties immediately.

Miss Mildred Russell, daughter of Mr. Geo. A. Russell, 1000 Howe street, and Mr. Frederick Stanley Garner were married on Saturday night at the residence of the bride's father. The ceremony was performed by Rev. W. E. Pescott, and Miss Eva Fewster acted as bridesmaid, whilst Mr. Howard Fewster supported the groom.

Miss Eldridge, daughter of Mr. C. C. Eldridge, 908 Thurlow street, was united in marriage to Mr. Wm. Hunter of the firm of Fife & Hunter, on Saturday evening. The ceremony was performed at the home of the bride's father, by Rev.

W. E. Pescott, and was a very quiet one, only a few immediate friends being present.

R. Marpole, general superintendent of the Pacific division of the C. P. R., and H. J. Cambie, consulting engineer of the company, returned Saturday from Nelson. F. F. Busted, who accompanied them thither, went on to Winnipeg, to which city he has been promoted. Everything on the interior lines was found in a satisfactory condition. Mr. Marpole's visit to Nelson was to formally install into office John Stead Lawrence, who is Mr. Busted's successor as superintendent of the C. P. R. for the Kootenay division. Mr. Lawrence enjoys the distinction of being the first Kootenay man to be made superintendent of the Kootenay division.

On Thursday evening at the residence of the bride's father, 218 Keefer street, Miss Bertha Bradbury was united in marriage to Mr. George S. Bertram, of Nanaimo, Rev. J. M. MacLeod officiating. Mr. and Mrs. Bertram left Friday for their future home in Nanaimo.

#### KARLOOPS.

One of the largest and most important real estate deals was completed last week. The property that has changed hands is the Coldstream ranch, North Thompson, owned by A. Noble, and consisting of 500 acres of arable land, and a number of cattle, horses, pigs, etc., the whole being sold as a going concern. The purchaser is T. D. Mitchell, of Vancouver. With the property there goes also a lease of 3,000 acres of grazing land. A new modern house with all conveniences and outbuildings is on the property. The health is the cause of Mr. Noble giving up farming.

A. Irwin, Indian agent, has returned from an extended official visit to the Indian reserves of Okanagan and South Yale. A. W. Vowell, superintendent of agencies, accompanied him as far as Penticton. From that point Mr. Irwin proceeded to Hedley, where steps are now being taken for the immediate erection of the smelter. Marked progress is being made in the Okanagan country. Around Kelowna and Summerland progress is very noticeable and a number of new settlers have lately gone into the latter district. Peachland

and Summerland are to be connected by wagon road. The steamer is kept busy handling freight.

### Corn Cushions Free!

We want the name of every Druggist in Canada. Send us the name of your Druggist and 15 cents in stamps, and we will send you a full size box of the best corn remedy ever manufactured, and with each box you will get two corn cushions free. If this remedy does not cure your corns in three days we will return your money.

D. V. Stott & Sons, Bowmanville, Ont.

#### JUNE CANADIAN MAGAZINE.

A beautiful colored frontispiece, entitled "Sunset on the Bay of Fundy," is a feature of the June Canadian Magazine. The opening article is entitled "The Building of a Railway," by Hopkins J. Moorhouse, with some interesting photographs illustrating the newest methods in railway building, besides a full-page reproduction of the historic driving of the golden spike on the Canadian Pacific railway in November, 1885. Equally conspicuous are two interesting articles on Toronto's great fire, illustrated with numerous drawings and photographs. These articles make this number one to be carefully preserved as containing the most complete record of an event which will always be prominent in Canadian history. "The Automobile of 1904" is described and illustrated by T. A. Russell, who clearly indicates the improvements which are being so rapidly made in this kind of locomotion. The editor describes the origin of the present struggle between Russia and Japan, reviewing briefly the events of the past fifty years. Haldane MacFall gives a graphic sketch of Thomas Hardy, the famous British novelist. The short stories are by Guy de Maupassant, W. A. Fraser, Marguerite Evans, and Edward F. Strange. Walter S. Johnson pictures the pleasure of travelling "By Canoe," and Stanbury R. Tarr tells some curious stories under the title "Amusement in Statistics." Miss Helliwell, in her department, dilates upon the beauty of Canadian scenery and the general difference of Canadians to it. John A. Cooper in "People and Affairs" writes of Party Fidelity, Prohibition, Women and Universities, Mormonism and Immigration. The other features of the magazine are quite equal to the best that this publication gives each month.

—Four carloads of the finest furniture ever imported has been received during this month by Weller Bros., Government street. This means large choice and low prices.

The Cameron block, Belmont, Man., owned by W. S. Farney and occupied by J. Jewkes, tailor, a Chinese laundryman, and J. R. Shear, carpenter, was totally destroyed by fire Friday night. Rain and a favorable wind saved the greater part of the town. Insurance, \$800; Jewkes's stock and effects, \$1,000.

### SYNOPSIS OF REGULATIONS FOR DISPOSAL OF MINERALS ON DOMINION LANDS IN MANITOBA, THE NORTH WEST TERRITORIES AND THE YUKON TERRITORY.

Coal.—Coal lands may be purchased at \$11 per acre for soft coal and \$20 for anthracite. Not more than 320 acres can be so acquired by one individual or company. Royalty at the rate of ten cents per ton of 2,000 pounds shall be collected on the gross output.

Quartz.—Persons of eighteen years and over and joint stock companies holding free miner's certificates may obtain entry for a mining location.

A free miner's certificate is granted for one or more years, not exceeding five, upon payment in advance of \$7.50 per annum for an individual, and from \$50 to \$100 per annum for a company, according to capital.

A free miner, having discovered minerals in place, may locate a claim 1,500x1,500 feet by marking out the same with two legal posts, bearing location notices, one at each end on the line of the lode or vein.

The claim shall be recorded within fifteen days if located within ten miles of a mining recorder's office, one additional day allowed for every additional ten miles or fraction. The fee for recording a claim is \$5.

At least \$100 must be expended on the claim each year or paid to the mining recorder in lieu thereof. When \$500 has been expended or paid, the locator may, upon having a survey made, and upon complying with other requirements, purchase the land at \$1.00 an acre.

Formulation may be granted by the Minister of the Interior to locate claims containing iron and mica, also copper, in the Yukon Territory, of an area not exceeding 160 acres.

The patent for a mining location shall provide for the payment of a royalty of 25 per cent. of the sales of the products of the location.

Placer Mining.—Manitoba and the N. W. T., excepting the Yukon Territory.—Placer mining claims generally are 100 feet square; entry fee, \$5, renewable yearly. On the North Saskatchewan River claims are either bar or bench, the former being 100 feet long and extending between high and low water mark, the latter includes bar diggings, but extends back to the base of the hill or bank, but not exceeding 1,000 feet. Where steam power is used, claims 200 feet wide may be obtained.

Dredging in the rivers of Manitoba and the N. W. T., excepting the Yukon Territory.—A free miner may obtain only two leases of five miles each for a term of twenty years, renewable in the discretion of the Minister of the Interior.

The lessee's right is confined to the submerged bed or bars of the river below low water mark, and subject to the rights of all persons who have, or who may receive, entries for bar diggings or bench claims, except on the Saskatchewan River, where the lessee may dredge to high water mark on each alternate leasehold.

The lessee shall have a dredge in operation within one season from the date of the lease for each five miles, but where a person or company has obtained more than one lease one dredge for each fifteen miles or fraction is sufficient. Rental, \$10 per annum for each mile of river leased. Royalty at the rate of two and a half per cent. collected on the output after it exceeds \$10,000.

tion within two years from the date of the lease, and one dredge for each five miles within six years from such date. Rental, \$100 per mile for first year and \$10 per mile for each subsequent year. Royalty, same as placer mining.

Placer Mining in the Yukon Territory.—Creek, gulch, river and hill claims shall not exceed 250 feet in length, measured on the base line or general direction of the creek or gulch, the width being from 1,000 to 2,000 feet. All other placer claims shall be 250 feet square.

Claims are marked by two legal posts, one at each end, bearing notices. Entry must be obtained within ten days, if the claim is within ten miles of mining recorder's office. One extra day allowed for each additional ten miles or fraction.

The person or company staking a claim must hold a free miner's certificate.

The discoverer of a new mine is entitled to a claim of 1,000 feet in length, and if the party consists of two, 1,500 feet together, on the output of which no royalty shall be charged, the rest of the party ordinary claims only.

Entry fee, \$10. Royalty at the rate of two and one-half per cent. on the value of the gold shipped from the Yukon Territory to be paid to the Comptroller.

No free miner shall receive a grant of more than one mining claim on each separate river, creek or gulch, but the same miner may hold any number of claims by purchase, and free miners may work their claims in partnership by filing notice and paying fee of \$2. A claim may be abandoned, and another obtained on the same creek, gulch or river, by giving notice and paying a fee.

Work must be done on a claim each year to the value of at least \$200.

A certificate that work has been done must be obtained each year; if not, the claim shall be deemed to be abandoned, and open to occupation and entry by a free miner.

The boundaries of a claim may be defined absolutely by having a survey made and publishing notices in the Yukon Official Gazette.

Petroleum.—All unappropriated Dominion lands in Manitoba, the Northwest Territories and within the Yukon Territory are open to prospecting for petroleum, and the Minister may reserve for an individual or company having machinery on the land to be prospected, an area of 500 acres. Should the prospector discover oil in paying quantities, and satisfactorily establish such discovery, an area not exceeding 640 acres, including the oil well and such other land as may be determined, will be sold to the discoverer at the rate of \$1.00 an acre, subject to royalty at such rate as may be specified by order-in-council.

Department of the Interior, Ottawa, February, 1904.

JAMES A. SMART,  
Deputy of the Minister of the Interior.
